Year 7 2025

# ST JOSEPH'S CATHOLIC COLLEGE

# College Vision

To educate young women in the Josephite tradition that empowers them to act justly and to lead lives as disciples of Jesus.

# Mission Statement

The St Joseph's Catholic College community empowers young women who are shaped by their relationship with Jesus Christ within the Catholic tradition and inspired by St Mary of the Cross MacKillop to make a difference in the world.

# Lines of Communication

This information is provided to you to facilitate communication between home and the college. Most issues at St Joseph's Catholic College can be resolved very quickly if directed to the correct staff member. To assist you and your daughter, the flow chart below details the lines for effective communication within the college.

Please note that the college office/reception hours are: 8.00am – 4.00pm Monday to Friday

#### Teaching and Learning

#### **Subject Teacher**

Issues relating to specific subjects, learning and teaching, which include assignments & examinations, homework, resources and equipment, are directed to the class teacher.

#### **Leader of Learning**

If the issue is unable to be resolved or **Leader of Diverse Learning**If or issues relating to Learner Diversity

#### Director of Learning and Teaching

for issues in relation to college curriculum, student illness and misadventure, student assessment NESA requirements, reporting etc.

#### Wellbeing for Learning

#### **Homeroom Teacher**

Issues relating to student wellbeing, illness and notes, issues at home, uniform requirements, school planner, student health, day to day arrangements

### Leader of Wellbeing for Learning Year 7

If the issue is unable to be resolved or is of a more serious nature.
At this stage you may also wish to involve the **College Counsellor**.

#### Director of Wellbeing for Learning

for issues in relation to student management, discipline issues, detentions, student progress, absences etc.

#### **Assistant Principals**

works in conjunction with the Directors of Learning and Teaching and Student for Wellbeing on all areas of the College.

#### **Principal**

Appointments can be made through the Principal's personal assistant.

The St Joseph's Catholic College assessment policy has been devised in the light of its Mission Statement, to be just to students on an individual basis, to the students in each course as a group, and to the teachers who have responsibility for its implementation.

The college aims to provide students with

- · relevant and meaningful assessment tasks and activities of learning
- rich tasks
- assessment for learning (learning experiences throughout a unit or course of work)
- clear and fair assessment procedures
- opportunities for success.

Therefore we believe that assessment tasks must

- clearly and effectively assess appropriate outcomes
- allow students to demonstrate their level of achievement
- encourage deeper learning
- use an appropriate level of language, difficulty, and time length
- be creative and interesting
- include clear instructions outlining what is expected.

#### 1. Notification of Assessment Tasks

Notification of assessment tasks will be communicated by a handout to students in writing at least two weeks prior to the due date. For each task, the specification sheet will set out:

- the course
- the date and time (e.g. Monday, February 9, period 5)
- the weighting mark value in relation to the total number of marks for the course (e.g. 15%)
- the mode of submission of the task (e.g. hand into the class teacher)
- what will be assessed and by what means (e.g. test on Chapter 4 Algebra)
- the outcomes assessed
- marking schemes
- the task to be completed a clear outline of the work to be completed
- any additional details (e.g. students will require calculators)

Copies of the assessment task notification will be uploaded to Compass.

NOTE: It is each student's responsibility to carefully check the details of the assessment task specification sheet. Additionally, if a student is absent when the assessment task notification is issued it is her responsibility to obtain the task information from the class teacher on return to school or otherwise. There will not be a staggered due date because of student absence.

# 2.0 Presenting assessment tasks2.1 Hand-in tasks

Assessment tasks are to be submitted clearly labeled with the student's name.

Assessment tasks must be submitted on the date and at the time indicated on the task notification, and only to the person or platform (Google Classroom or Teams Classroom) designated on the notification. If, in exceptional circumstances, it is not possible to submit the task to the person nominated, the student should see the Leader of Learning for the course.

#### No tasks are to be handed in at student services/reception.

The security of the assessment task prior to submission is the responsibility of the student. No consideration can be given for tasks that have allegedly been lost or stolen.

A student who is unable to submit a task because of difficulty with printing must submit the task via email to the nominated teacher by the specified time with the task file being in a format that can be accessed by the teacher.

Computer/technology problems (i.e. loss of data) should be safeguarded by students by backing up and keeping drafts. Computer/printer problems alone are not sufficient grounds for a misadventure appeal.

#### 2.2 In-class tasks-tests, examinations, speeches, and presentations

It is expected that each student will bring basic equipment to an assessment task, as well as any special apparatus indicated by the class teacher or on the notification specification sheet. Students should not expect to be allowed to borrow equipment.

Unless other instructions are given, normal examination conditions will apply to all tasks, including mobile phones and smart watches being prohibited from the examination room. Note that written instructions are given to each student prior to the formal examination periods detailing specific procedures and behaviour expectations.

In-class assessment tasks may be scheduled during different periods throughout the school day. Students are reminded of the malpractice provisions of this policy and must understand that their interests are best protected by not assisting students in a class who may have a similar task to complete later in the day. Common conditions and marking procedures will occur for all students.

It is expected that students must present for the start of the school day when handing in a prepared task, unless illness/misadventure applies (See section 5). A student who arrives late to school/class must provide relevant documentation to demonstrate illness or misadventure otherwise the student may be deemed to have gained an advantage by taking extra time to complete the task. If this is proven, penalties (as outlined in Section 7) may be applied.

#### 3.0 Student performance

Assessment tasks will not necessarily be returned to students. However, students will be given timely and meaningful feedback on their performance. This information may be written and/or oral and given in relation to the marking guidelines and course outcomes to assist students in their learning in that course.

Assessment task marks are recorded and stored centrally using the college's student management system, Compass. Student academic performance in each course is reported to parents twice during the year at the end of each semester. Task weightings for each report are indicated in this handbook.

#### 4.0 Holidays During Term Time

Every care should be taken to avoid taking a holiday during term time especially when assessment tasks are due. If taking leave for more than 10 days parents must notify the college and complete the A1 form for extended leave.

Whilst on extended approved leave from St Joseph's Catholic College, it is expected that the student **completes all assessments and course work** set by the class teacher and this is verified on return from leave. This provides evidence that the student has continued to apply due diligence and sustained effort across her learning whilst on leave from the College.

Before departure, the student needs to complete the A7 form which will be emailed to parents. The student needs to have each of their teachers advise on the expected work to be completed.

The student needs to have this work completed on return from leave and submit any assessments within a week of returning to school. The student must present her completed classwork to each teacher whereby they will sign off on the completed work. The Leader of Year and Director of Learning and Teaching will also sign off, before being signed off by the College Principal.

It is the responsibility of the student to speak with each of her teachers before taking leave.

Failure to submit tasks on return will result in a zero mark being awarded for any missed assessment tasks.

#### 5. Illness and Misadventure Procedure

Penalties apply when a student does not submit/attend a task on the due date at the specified time, except in cases where the student lodges an illness/misadventure appeal and it is approved. Use the flow chart below outlining the Illness/Misadventure process.

I know I will be away on the day of an assessment task.

(funeral, work placement, representative sport, approved leave including family holidays) OR

You know in advance, that you know you will no have had fair preparation for a task (e.g. illness across an extended period) Absent due to illness on the day of the task

Parent/Carer to email class teacher to advise of absence

Submit appropriate documents (eg letter from a parent/carer or doctors certificate) that clearly indicate reason for absence.

to the class teacher

Because of unexpected events other than illness (e.g. family emergency, accident) you are unable to do or submit a task on the due date

Submit appropriate documents (letter from parents or carers) that clearly state the dates affected and the reason for your inability to complete the task on time to the class teacher.

Submit appropriate
documents (eg letter from
a parent/carer or doctors
certificate) that clearly
indicate reason for absence
at least 1 week in advance
of the task to the class
teacher

Discuss with the class teacher on student's return to class. Student may need to seek teacher out if she does not have that lesson on her return date to confirm completion or submission of task.

Discuss with the class teacher on student's return to class. Student may need to seek teacher out if she does not have that lesson on her return date to confirm completion or submission of task.

Leader of Learning will make a decision on the outcome of your appeal

If the appeal is unsuccessful (or not submitted) you will receive the appropriate penalties for the task (see section 7).

#### 6. Penalties

Penalties may include the award of a zero mark and can be awarded in two instances: non-presentation of a task without approved reason or an attempt to gain unfair advantage over other students.

A student must be prepared to sit for the assessment task, or an alternate task, on the day of their return to school.

#### 6.1 Non-presentation

If the student is absent, the student must follow the procedure as outlined in section 5. If a task is not attended/submitted by the due date, and the student is not exempted by following the appropriate procedure outlined in Section 5 to verify illness and/or misadventure students will incur a penalty of 10% of the total marks available for the task per day.

A task five or more days late will result in a zero mark, however, in order to fulfil the outcomes of the course, the task must still be submitted.

#### 6.2 Unfair Advantage/Cheating/Plagiarism/Non-serious Attempt

All work submitted for assessment must be the student's own: it must be a serious attempt at parts of the task and cannot be copied from another student, plagiarised from reference material, downloaded from the internet, nor completed by nor in collaboration with another student (unless group work is specified in the task specifications).

Any work suspected of not being original will be subjected to further investigation. If proven to be not original work, the Assessment Panel may determine that a zero mark is awarded or a penalty applied. All students involved, whether borrowers or lenders of work, can be subject to the award of a zero mark or penalty. This includes the use of Al (Artificial Intelligence) in the composition or improvement of assessment task submissions.

Any attempt to gain an unfair advantage over other students in terms of extra time, additional knowledge of the nature of a task, non-compliance with stated conditions and examination procedures, or such, will result in the award of a zero mark. Any student found with a mobile phone, or similar device such as a smartwatch, in an examination room, will be given a mark of zero.

#### 6.3 Warning to students

If a student is awarded a zero mark for a task the Leader of Learning will notify the parents via a letter that will outline the work that needs to be completed for the student to meet the assessment requirements for the course. A copy of this letter will remain in the student's file.

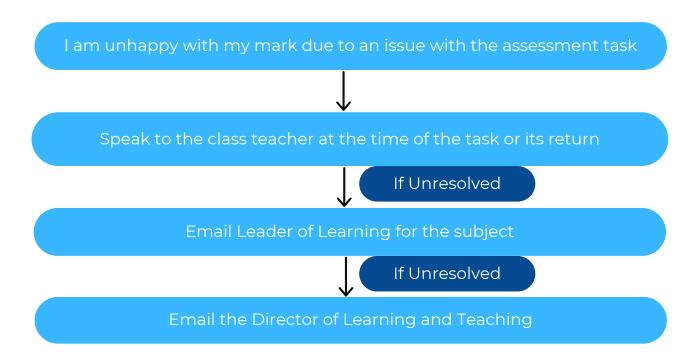

#### 7. Appeals

Once the assessment tasks are returned, students may appeal on the grounds of process only.

#### This might include:

- · Incorrect calculation or additions in parts of an assessment
- · A physical disturbance during the task in the classroom such as a fire drill
- · Incorrect timing of a task
- · Incorrect notification of the content of a task

Students may not appeal an assessment mark on the basis that they feel they deserved more marks or that the marker/s of the task failed to discern their intellectual intent. Appeals questioning teacher's professional judgment will not be considered.

The Director of Learning and Teaching will make the final decision on the matter in consultation with the Assistant Principal.

#### 8. Student transfers

For students who transfer to St Joseph's during the year assessment marks are prepared based on those tasks that have been completed since the time of arrival at the college. For these students, each task is worth more than the stated amount taking into account the value of the component/s missed.

#### 9. Learner Diversity

Students seeking special provisions (e.g. extra time, reader, writer, enlarged print, separate supervision) need to liaise with the teacher in charge of Learner Diversity generally before the commencement of the first assessment task of the year.

If special provisions are granted the student is entitled to these for each assessment task of the student's program of study. It is the responsibility of the student to arrange with either their teacher, the Leader of Learning, or the teacher-in-charge of disability provisions, well in advance of an assessment task, for these disability provisions.
